MRO SERVICES

Make the world more sustainable
through our services

SUSTAINING YOUR OPERATIONS AND YOUR SATISFACTION

At NTN, delivering quality bearings is merely the starting point. Equally crucial to us is the maintenance and repair of these parts once they are in service. Our Maintenance, Repair, and Overhaul (MRO) staff are dedicated to restoring the original performance of your bearings while minimizing any potential aircraft or engine downtime.

We offer a vast array of personalized and certified solutions to our clients, leveraging NTN's extensive expertise, technical support, and MRO services. Our aim is to extend the life of your bearings and maximize their performance.

Our services encompass the entire product lifecycle, ensuring comprehensive support at every stage.

FOCUS ON CFM56 MRO SERVICES

Under its SNR brand, NTN Europe has been collaborating with CFMI over the last decades as a bearing OEM

- **30 years** of expertise and know-how on CFM56 bearing repair activities
- Inspection, Repair & Overhaul of main shaft bearings and gearbox bearings, to ensure **Airworthiness continuation, Engine reliability, and cost limitation**
- Repair team dedicated to **Quality, On-time repair and Customer satisfaction**
- More than **70 worldwide customers** trust NTN Europe for their daily MRO activities
- NTN Europe is certified against latest standards & agreements to **meet customer's expectations:** EASA / FAA / CAAC / TCCA / CAA UK Part 145 agreements; EN9100; ISO 9001 & 14001
- Quick Turn Around Time, Daily & Reactive support, Rotables and pool available

MORE ABOUT OUR MRO SERVICES

In line with NTN commitment to support its products throughout their lifecycle, we are developing new MRO solutions :

- Inspection of Helicopters transmission bearings, which are key component to be maintained as part of the **Helicopter maintenance program**.
- Inspection and repair of **Next Generation** commercial engine bearings (LEAP, GTF, etc...) to keep supporting our legacy customers.
- Through the continued and growing range of NTN services, we intend to be **your preferred partner** for bearings MRO solutions.

Together, let's make the world more sustainable by extending the life of our bearings and reduce Aerospace industry environmental footprint (NTN Europe has been awarded the platinum status by Ecovadis rating for two consecutive years)
